## **SWEDISH LANGUAGE ADVANCED**

**Objectives:** The course is available for students with a strong background in Swedish. The aim is to raise the student's level of written and oral proficiency in Swedish. The course contains the following: grammar, semantics, vocabulary, listening comprehension, pronunciation, written and oral proficiency and practice. The course is adjusted to the individual student's language skills. Therefore, the course literature, readings and assignments might vary.

Attendance is mandatory as well as active participation. Your progress will be monitored regularly using for instance spontaneous quizzes.

**Participation and grading:** *You are expected to arrive in time to class, bring your books and complete your homework assignments. Failing to fulfill those expectations will lower your final grade.* The final grade is based on continuous assessment of in-class participation and individual work, fulfilling assignments (40%), mid-term exam (20%) and final exam (40%). There are three written exams on grammar, vocabulary and semantics throughout the semester. The final exam consists of reading comprehension, grammar, vocabulary and a written composition, your conversation and discussion skills.
